PRACTICE & PAYMENT POLICIES

Complete the "Payment & Privacy Information" google form after thoroughly reading our office policies—Thank you!

We are committed to helping you achieve optimal health.

It is important to read all the enclosed information carefully and complete all patient forms at least 7 days prior to your appointment. This will allow us to help you more efficiently and enhance the quality of your care.

We are a fragrance-free office due to the chemical sensitivities of our patients and staff.

BEING ON TIME

Dr. Croft has limited her clinic visits each day so that she can spend more time with you. We ask that you value her time as she values yours. Please arrive 10–15 minutes before your appointment and complete the virtual check-in process via your patient portal. Keep your demographic and health history up-to-date.

MISSED APPOINTMENTS

Our office visits are scheduled in 60 minute increments, and your appointment is reserved just for you! So, when you are late it affects patients following you. Thus, out of respect for others (as you'd like for yourself), if you are tardy 15 minutes or more from your scheduled time this will be treated as a "missed" appointment and you will be charged \$75 and will need to reschedule—you will receive a portal notification.

If you completely **NO SHOW** for your reserved 60 minute time **\$200 fee** will be charged to your card on file.

When you do not show up for a scheduled appointment, you are taking an appointment slot that could have been used for another patient.

If you call to change or cancel please understand our cancelation policy.

After three (3) no shows or tardies it will convey a lack of commitment and Dr. Croft will consider discharging you from our practice.

CANCELING APPOINTMENTS

The most effective way to change appointments is sending a message via your secure patient portal as soon as possible.

With respect to others who may be waiting for an appointment we require a **72 hour** notification to cancel **before** any fees apply. This will give the waiting patient time to rearrange their schedule, as well as Dr. Croft time to review their chart thoroughly.

If you cancel within **48 hrs** of your appointment there is a **\$25 fee** (by 8am each day).

If you cancel within **24 hrs** of your appointment there is a **\$50 fee** (by 8am each day).

If you cancel **less than 24 hrs** of your appointment there is a **\$200 fee**.

For example: for a Tues. 1 pm appointment ideally notify us before Fri. 2 pm for people are busy on the weekends.

-- if notified by Sat. 8 am there will be no charge

-- if notified by Sun. 8 am there will be a \$25 charge

-- if notified by Mon. 8 am automatic \$50 charge

-- if <24 hr notification \$200 charge

Dr. Croft will discuss any unforeseen out of the ordinary circumstances that may lead to cancelations. When you do not show up for a scheduled appointment, you are taking an appointment slot that could have been used for another patient.

We will not be able to schedule further appointments for you until past balances from missed appointments are resolved.

Thank you for understanding.

CLINICAL FORMS / PAPERWORK FROM OTHER OFFICES

Dr. Croft will complete clinical forms that are part of your office visit such as routine Physical Forms for school, camp, sports or work. Records needed from our office can be directly messaged where ever they are needed and you will have access to these forms via your secure patient portal for your convenience.

If you have forms outside of routine care during your visit, or have **paperwork from other offices including FMLA forms for us to complete, a \$45 charge will be applied for the time required.**

Please keep your records up to date if you are working with other providers that may change your medication or treatments. Thank you!

CONTROLLED SUBSTANCES

If you have a condition that will require chronic narcotic prescriptions Dr. Croft recommends that you establish care with a pain management center. We are happy to coordinate our services with such a center, and we have therapies such as herbs, counseling, acupuncture, meditation, OMT, nutrition, and massage that work well for chronic pain. Dr. Croft may be able to help you decrease or eliminate your need for pain medications using “alternatives.” Dr. Croft does not have any narcotic medications on the premises.

It is our goal to explore natural and holistic methods for treating medical problems prior to prescribing controlled substances. Dr. Croft will not prescribe controlled substances for

patients on their first visit, and will only prescribe them for established patients after the third visit. If necessary, we will prescribe controlled substances only as part of a holistic treatment plan. You will need to sign a controlled substance agreement that outlines how these medications will be prescribed, understand the potential risks inherent in taking controlled drugs, as well as understand that you may only receive controlled substances from one provider or clinic. If a patient is found to be non-compliant with this agreement, Dr. Croft holds the right to refuse any future care. She will not refill any controlled substances from other physicians under any circumstances OR before complete records are received and reviewed thoroughly.
